

WANT QUARANTINE LIFTED ON FAT CATTLE Foot and Mouth Disease Is Found In Bourbon County—Officials Hard at Work

Cattle feeders of this part of the state are much interested in the efforts which are being made to secure a lifting of the quarantine against Kentucky, as far as the shipment of fat cattle from sections where the foot and mouth disease has not yet appeared, is concerned. Quite a number of local feeders have cattle ready to go, and while they are not inconvenienced as long as the present brand of weather prevails, they will be "up against it" should real winter weather set in for a spell.

The assistance of Senator Ollie M. James has been solicited by Commissioner of Agriculture J. W. Newman, in a telegram to the Senator asking him to use his influence with the Department of Agriculture to have the ban raised on noninfected quarantined counties in Kentucky where fat cattle to the value of more than \$250,000 are ready for shipment on contract. In the telegram Mr. Newman and W. A. Barnett, president of the Louisville Live Stock Exchange, who also signed it, say that it is imperative that the cattle be moved. The foot and mouth disease exists in counties adjoining those where the fattened cattle are located, the telegram adds, and unless they are moved at once they may become infected.

A report, purporting to have come from one of the Federal live stock inspectors, says that Congress will be asked by the Department of Agriculture to appropriate \$2,500,000 with which to carry on the fight against the foot and mouth disease. At the request of Senator James and Representative R. Y. Thomas, Jr., the Department of Agriculture at Washington has ordered its representatives in Bourbon county to spare, at least for a time, the lives of 400 blooded cattle on the farm of J. M. Richardson and Gen. Wood that had been condemned to be slaughtered because of the prevalence of the hoof and mouth disease in that locality. These animals will be segregated for an indefinite time.

As a result of an inspection Saturday by S. M. Bond, Government inspector attached to the Louisville station, thirty head of cattle belonging to P. J. Millett, a farmer near Paris, Bourbon county, were found to be infected with the foot and mouth disease and were ordered killed and a quarantine ordered against the Millett farm, but an order was received from Louisville rescinding the order directing the county livestock inspector to slaughter the thirty head of stock. He was told to hold them for reinspection by three Federal officials.

Senator J. N. Camden left Frankfort Monday for Washington to make an effort to have some means adopted whereby a half million dollars' worth of fat stock in Kentucky, exposed to the foot and mouth disease, may be shipped to market. It is understood the plan he will propose will be to have it shipped under Government inspection in sealed cars.

Harris Coleman Stars in Big Game

The University of Virginia football team won the annual game from University of North Carolina at Richmond, Va., Thanksgiving and a Stanford boy—Harris Coleman, son of Mr. and Mrs. C. R. Coleman—was one of the bright particular stars. A Virginia paper, in its write-up of the game, said this of his playing:

"The one great and outstanding star of the line men who played on the two elevens, was Coleman. Practically unharmed, the Orange and Blue left guard made a reputation for himself that will rank among the best of the country. All-American Quarter Back Emmons, of Princeton, who played on the same team with the great Princeton All-American guard, Duff stated after the game that Coleman was the best guard that he had ever seen in uniform and he voiced the opinion of many football experts who saw Coleman play."

JOSH COOK FOUND DEAD Son of Well Known Colored Veterinarian Has Sad End

Josh Cook, only son of Dr. John Cook, the Stanford colored veterinarian, was found dead in the back of a small stable, back of W. A. Fribble's furniture store on Main street early Friday morning. He had evidently been dead some hours. The body was discovered by Spencer Higgins, Jr., the colored boy who works for Mr. Fribble. Higgins had locked a dog up in the stable the night before and went to release it, and saw Cook's body. Clashed in one hand close to his face, was a handkerchief as if he had been inhaling some drug from it, and nearby was found a small bottle with the label, a red one, denoting poison, torn off. Testimony was introduced at the inquest before Coroner Edmonson, that he had been seen very drunk the day before, having come in from Lebanon on the morning train, and he was said to have been a sufferer from heart trouble. A jury brought in a verdict accordingly. His father is one of the best known and most respected negroes in this part of the state.

JESSE HAYS PLAYS HERO Catches Chicken Thief and Takes Bird Away From Him

"Big Foot" John Kennedy, known sometimes as John Engleman, a local negro, was caught coming out of W. B. McKinney's chicken house with a big fat hen under his arm Saturday night by Jesse Hays. Mr. McKinney's colored helper, and stands a good chance to go back to the pen where he served a term once before for chicken stealing. Hays grappled with "Big Foot" and took the hen away from him. The negro had killed her when he plucked her off a roost. Hays caught him by the arm and started toward the house with him, but "Big Foot" jerked loose and ran down the creek toward town and has not been seen since. Mr. McKinney swore out a warrant for him and will have him prosecuted to the full extent of the law if the officers can catch him. Jesse Hays is being complimented on all sides for the valor and nerve he displayed in the affair. "Big Foot" was seen in Richmond Saturday.

REVENUE DIVISION CHANGES Madison and Estill Added to Deputy Sautley's District

On account of the great increase of duties placed on deputy collectors by the war revenue, a new division has been created by the department at Washington, by which Deputy Collector H. R. Sautley, of Stanford, is a beneficiary. His division, known as the Third, formerly composed of the counties of Garrard, Lincoln, Pulaski, Wayne and McCreary, has been changed and will in the future be composed of the first named counties with the addition of Madison and Estill. The new division in this district is now Pulaski, Wayne, McCreary, Wayne and Whitley. The last named county coming off of the division under the supervision of Deputy Collector Bowling, of London, and will be presided over by Robert E. Jordan, of Somerset. The change is gratifying to Deputy Sautley, because of the fact that the old division was so large he was kept on the "hustle" all the time, with scarcely a breathing spell.

Home Coming Day

The following beautiful welcome and poem were read by its talented authoress, Mrs. Bettie Buchanan, upon the recent Home Coming celebration held at the Baptist church at Crab Orchard:

Friends we gladly meet you today as you come home to the dear old church that has been a silent sentinel to your prayer and struggles to be loosed from the galling yoke of Sin. It was here in this church many of you first beheld the glorious presence of a loving Father as with tender pity He spoke words that made you a new creature. And today this Home Coming is intended to draw you nearer to God, nearer to His church, nearer to one another, as one great family reunion. You will again renew your fidelity to each other, forgive every mistaken grudge you may have been holding against some member and let joy and peace come into your lives and abide. This is the place to which we can come when trouble overtakes us, when we are weary, discouraged, tried and saddened by the pitiless knicks of the world. No place can offer the balm we need so we instinctively turn to home as the one place in all the world where we can be sure of a welcome that will banish gloom and our sorrow is like a dream, forgotten. Such should the church be to us, and today we will sing together, pray together and be joyful in the Lord.

Some faces are missed, some voices silent, who helped celebrate last Home Coming day in this church, and who can say how many are today living and participating in this Home Coming service are another rolls around may enter another home to spend eternity, either in joy too great to be described or in horrible despair. As one united band we gather here today to show our zeal for God, our love for one another, and our remembrance of the many spiritual blessings that come into our souls while gathered here from time to time. We know that some time another Home Coming awaits us if we faithfully perform our mission here. Into a home where no sin can enter, a home made gloriously bright by the presence of God. No tears there, no sorrow for death is no longer a parting, no troubles—A Home Coming so beautiful that it cannot be pictured and there we shall abide not a day, but an eternity. And may this grand Home Coming Day find each of us in bright array.

May we before our Savior stand With not one missing from this band.

Who have gathered here to sing And celebrate Home Coming Day. This is Home Coming Day And with words of loving cheer We welcome you dear friends both young and old.

With open arms we meet you With loving smiles we greet you With songs of cheer we treat you On this Home Coming Day. This is Home Coming Day To God the Righteous One Who has guarded us with tender care.

And shielded us from Satan's snare We render heart and soul in prayer On this Home Coming Day. This is Home Coming Day Now hunt your old family seat And live once more the joyful days When here your proclaimed the praise.

Of Him who still directs your ways Your life, and fills your heart with songs On this Home Coming Day. Home Coming Day in fairer clime Will come to one and all some time And in that blessed home on high, Where is no death, nor fearful eye, We'll clasp once more in fond embrace.

Our loved ones who have won the race And gained the goal for which they strove While battling for the God they love And tears shall all be wiped away: On Heaven's sweet Home Coming Day.

MEMORIAL TO JUDGE ALCORN Adopted By Stanford Bar At Special Meeting Recently

The following memorial was adopted by the Stanford bar at its last meeting, upon the death of the late Judge J. W. Alcorn:

Since the last term of the Lincoln Circuit Court, the Stanford Bar, in the death of Honorable J. W. Alcorn, has been deprived of its ablest member.

His surviving associates to all of whom he had been a life-long friend and by all of whom he was held in the highest esteem, adopt this memorial in honor of his memory.

James Walker Alcorn was born near Peyton's Well, in Lincoln county, Kentucky, July 21, 1838, and died in Stanford, Kentucky, June 28, 1914, having spent the whole of his useful life in the county of his birth.

After receiving his education at Centre College, which institution afterwards conferred upon him the degree of LL. D., he began at the age of 20 years, the study of law in Stanford under the tutelage of his distinguished kinsman, the late Col. Thomas P. Hill, and was licensed to practice in 1858. He was immediately taken into partnership by his preceptor and about the same time appointed Master Commissioner of the Lincoln Circuit Court. In September 1862, Mr. Alcorn enlisted in the Confederate Army as a member of the cavalry, commanded by Gen. John H. Morgan and followed that daring leader until his capture on the famous Ohio raid. After that he was confined for awhile as a prisoner of war. He did his share in achieving for Morgan's cavalry its enviable place in history, while in the military service Mr. Alcorn attained the rank of adjutant and assistant adjutant general.

When the cause for which he fought was lost he resumed the practice of law in Stanford in partnership with Col. Hill and this was one of the leading firms in this section until its dissolution in 1887. After that he practiced alone.

As a lawyer, Mr. Alcorn easily ranked with the very best. Possessed of a high order of intellect, an analytical mind, unerring judgment, a fine sense of justice, a comprehensive grasp of details and an unbounded energy he took high rank in his profession from the first and increased in efficiency until the last.

Conspicuous among his many noble traits of character was his uniform kindness of heart which was not of the mere passive variety confined to emotions of sympathy, but always took a concrete form. The money value of the free service rendered by him to the indigent throughout a long and active practice would amount to a handsome competency.

To the young lawyer, generally at a loss when called upon for a practical application of his theoretical knowledge, he was ever ready to lend a helping hand. No matter how greatly engrossed he might be in his own affairs and was ever to him an invaluable guide and friend. His career as a lawyer is well worthy of emulation on account of his proficiency in the profession, of his high sense of honor, his faithfulness to his clientele, his uniform courtesy and aid to bench and bar, and his unflinching zeal and energy.

As a citizen he was of the highest type and always took a leading part in all steps for developments. Both county and town owe him no small debt of gratitude for many of their most valuable improvements. In his young manhood he became a member of the Presbyterian church and led an earnest and consistent Christian life.

His demise has left a vacancy in the ranks of the Stanford Bar that it will be hard to fill and has likewise deprived the community of one of its most useful citizens and one who was admired and respected by all who knew him. We hope that his likeness will soon be placed in the court room with our other illustrious dead.

Mrs. Harrison's Lecture

WALTER CARSON IS FREED

Lincoln County Boy Given a Real Thanksgiving Last Week

The State Prison Commissioners gave Walter Carson, son of Mr. and Mrs. W. P. Carson, of Hustonville, a real Thanksgiving by granting him a parole last week. The Frankfort State Journal said of the matter:

Walter Carson, a mail carrier, who was sentenced for life for killing a man in Casey county about three years ago, will spend his Thanksgiving a free man. Governor McCreary Wednesday approved his parole. A few weeks ago the Governor commuted Carson's sentence to 2 to 21 years for manslaughter, making him eligible now for parole by limitation of the minimum sentence. Carson is steward of the Reformatory hospital. His friends said that he had been threatened by the man he killed.

KINCAID BUYS FOUR NICE TOBACCO CROPS Damp Weather Brings Weed "in Case" and Growers Will Soon Be on the Market

The rains and damp weather of the past few days has been fine for tobacco, and the indications are that a great many Lincoln county growers will soon have their crops ready for market.

Sales open at the Danville warehouse: Wednesday, Dec. 2d, and already a number of wagon loads have gone over.

The first sales in this part of the state so far reported were made to W. P. Kincaid, the local tobacco expert. This week Mr. Kincaid bought a 10,000 pound crop of F. M. Ware, near McKiney, at 11 1-2 cents a pound. He says that Mr. Ware's crop this season is one of the finest he ever saw. From James Shuler, near McKiney, Kincaid bought 3,000 pounds at 10 cents; from L. P. Weaver, of the Hubble section, he got 2,500 pounds at 10 cents; and from W. S. Weaver he bought 2,500 pounds at 10 cents, paying three cents for damaged weed.

THE WAR SITUATION Germany acknowledges that the Russian Northern army has penetrated into Prussia to a distance of fifteen miles southwest of Gumbinnen, which is about twenty miles west of Germany border. In Belgium, says the French official statement, it is the allies and not the Germans who are now on the offensive. These two points stood out in today's news from the battlefields of Europe.

The German official statement says that strong Russian forces attempted a surprise attack on the fortifications of Darkehmen, in East Prussia, and that they were repulsed. Semi-official information from Petrograd is that operations along the Prussian front are turning to the advantage of the Russians, and that the Germans are retreating in disorder.

Meanwhile the great battle in Russian Poland between the Vistula and Warta rivers, continues without definite result. The German War Office states that the Russians were defeated in a battle south of the Vistula, and that 4,500 men were captured. Further south, in Galicia, the Russians are said to have reached Cracow and to have begun the siege of the city.

The main question, in the opinion of London, was whether the German army, which struck at the Russian center, would be able to extricate itself and fall back to the border without a disaster. The Russian army operating from Lodz is striking a heavy blow at the main German force, but it is probable that some time must elapse before this phase of the campaign in the East is brought to a close.

According to the French official statement, the German forces in Belgium are on the defensive and the allies have made progress "at certain points." Fighting continues in the Argonne, where, the French statement asserts, German attacks were repulsed.

The whereabouts of the German Pacific fleet, of which little has been heard since it sank the British cruiser Good Hope and Monmouth off the coast of Chile nearly a month ago, has become one of the mysteries of the war. Dispatches from Montevideo again report that this fleet is now in the South Atlantic, with a British fleet near by, although it was said last week to have remained off the Chilean coast. British and Japanese naval squadrons have been scouring the seas for weeks for the Germans.

POLITICAL ANNOUNCEMENTS

The Interior Journal is authorized to announce the following candidates for office, subject to the Democratic primary in August, 1915:

For Circuit Judge

C. A. HARDIN, of Mercer county.
CHAS. C. FOX of Boyle county.
For Commonwealth's Attorney
E. V. PURYEAR, of Boyle County.
R. W. KEENON, of Mercer county.

State Senator Charles D. Arnett, of West Liberty, Magoffin county, is the first candidate to announce against Col. W. P. Walton, of Lexington, but formerly of Lincoln, for the democratic nomination for Secretary of State. Arnett is a nice fellow, but he'll find that he's up against a buzz saw this time, for fair. The country newspaper boys over the state are lining up solidly for Col. Walton, and when they get their hands, they generally get what they want. Get busy and keep busy, you rural roosters. Walton's a Winner, and let's make his majority the biggest for any candidate in the primary.

Editor Jim Stears, of the Nicholasville News, wants to be postmaster of his town, the Lexington Herald says. Stears has "fit, bled and died" for Congressman Helm in his campaigns and deserves his endorsement. Some politicians have a mighty short memory, however, when it comes to rewarding their friends, after the election is over and they are safely ensconced in office for another term. Let's see how it will work out in this case.

The best argument for woman's suffrage we know in Kentucky is Mrs. Cora Wilson Stewart. Is she not doing more for Kentucky than any man in the State?—Elizabethtown News. Does Mrs. Stewart want the right to vote, Brer Soumers? We've never yet heard anywhere that she does.

FALL HONEY FROM BEE ASTER

Or "Bee Weed"—Its Excellent Qualities and Care

This fall the fields in most localities in Lincoln, Garrard and adjoining counties and probably most of Central and Western Kentucky were in part or entirely covered by the plant commonly called "Bee Aster." During August copious rains came relieving the discouraged farmers by finishing up the corn crops and by causing an abundant pasturage of fine grass. The aster plant which had been stunted by the drought benefited by the shower and soon grew up and was also very eagerly sought after by cattle before the stalks became too woody. By September 10th it had begun to bloom and by October the fields in many places resembled a field after a snow. Meadows, pastures, corn fields, orchard, and all uncultivated and waste land had their quota. Some farmers do not like this plant while others claim it is a help as cattle relish it and it certainly is a restorer of gullied land and waste places. Like sweet clover it is making friends everywhere. The aster is the bee-keeper's friend because it comes into blooming at a time when the bee hives are depleted of their stores, the summer honey having long since been removed by the apiarist. Even with colonies on the verge of starvation, if the working force is of sufficient strength and the weather favorable, it will be only a comparatively short time till the brood nest is filled with sufficient stores to last till May when spring flowers will secrete nectar and attract the attention of the busy workers. If weather conditions continue favorable, the bees will store surplus honey in the super, or surplus honey receptacle. This is commonly called a "crop" by southern people. The fall honey stored this season is a nicer quality than we have ever seen for fall honey. The drought kept smartweed down and a very small crop of smartweed bloom left much strong tasting, bitter flavored honey out of the hives. The beautiful aster honey is equal to white clover honey for whiteness but candies very quickly with the coming of cold weather. Some people who have a limited experience with honey think it is ruined when it candies. We might as well consider a pail of water to be ruined by freezing. Some prefer the candied honey of the aster to any other honey. All honey produced in Kentucky will candy, excepting the honey from a tree affording much bloom in the knobs and mountains, called sourwood. A gentleman in Alabama has a jar of sourwood honey 23 years old but still liquid. Clover and locust honey harvested in June begins to granulate by the first freeze, and generally in from 10 to 18 months is candied solid, no matter how large the quantity. The change from a liquid condition must not be taken as an evidence against the honey's genuineness, but rather the contrary. It is an easy matter to restore candied honey to its liquid condition. Simply keep it in hot water long enough; be sure it is not too hot. If heated above 160 degrees there is danger of spoiling the color and ruining the flavor. Remember that honey contains the most delicate of all flavors that of the flowers from which it is taken. A good way is to set the vessel containing the honey inside another vessel containing hot water not allowing the bottom of the one to rest directly on the bottom of the other, but putting a couple of blocks of wood between. Let it stand on the stove but do not let the water boil. It may take half a day or longer to melt the honey. If the honey is set directly on the reservoir of a cook stove it will be alright in a few days. In time it will granulate again when it can be melted again. B. L. BLANKENSHIP

HOW TO SUCCEED

During the last few years, conditions in all lines of business even professional life, have changed so completely that every man is waking up to the fact that in order to win success he must specialize and earn to do some one thing and do it well.

So it is with any article that is sold to the people. It must have genuine merit or no amount of advertising will maintain a demand for the article.

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kihner's Swamp-Root, the great Kidney, Liver and Bladder Remedy. From the very beginning the proprietors had so much confidence in it that they invited everyone to test it.

It is a physician's prescription. They have on file thousands of unsolicited letters received from former sufferers who claim they are now enjoying good health as a result of its use.

However, if you wish first to try a sample bottle, address Dr. Kihner & Co., Binghamton, N. Y., enclosing ten cents and mention this paper. They will promptly forward you a sample bottle by Parcel Post.

Regular sizes for sale at all druggists--fifty cents and one-dollar.

McAlister--Holtzelaw

Wesley Holtzelaw, son of Mr. and Mrs. B. D. Holtzelaw, and Miss Mary McAlister, the attractive daughter of Mr. and Mrs. Robert McAlister, east of Crab Orchard, drove to Lancaster last week and were united in the holy bonds of wedlock by Rev. S. H. Pollitt. Both are very popular young people of the East End of Lincoln and have a host of friends who extend hearty congratulations.

OUR OPENING SALE, DECEMBER 2, 1914

FARM AND STOCK NEWS

S. E. Browning has sold his farm of eighty acres near Bryantsville in Garrard to Mrs. Rhoda Wylie, of near Paint Lick, for \$120 an acre. Mr. Browning will return to Williamsburg to reside.

C. P. Cook, of Danville, sold 66 head of 1,451-pound export cattle at \$9 per hundred. This is said to be the highest price ever paid for export cattle in that section, and it was one of the finest lots of cattle ever sold in Boyle county.

Discussing prospects of the tobacco markets, Silas Shelburne, the veteran Lexington warehouseman, said last week: "So far as we can see the barley crop holds a better position than for years past, the stock on hand at this time being 22,000,000 pounds less than it was at this time last year. The consumption for the last six months from April to October was 110,000,000 pounds, considerably over a half of the entire barley crop, which shows that the demand is increasing, so while we do not expect any fancy prices, we expect that the prices should be as high as the grade prices paid last year for the same class of tobacco."

Bartels Rents Durham Farm

The G. W. Durham farm, east of Crab Orchard, was rented to August Bartels at \$500 a year at the sale held there last week. A lot of stock sold at good prices. Garner Price sold a mare for \$35; and sold her a little later for \$50 to Hugh Logan; John Cross bought 50 barrels of corn at \$2.75; James Thompson gave \$92 for two sows and 16 pigs; Mr. Martin bought a pair of yearling mules for \$190; and Jas. Thompson gave \$65 for a male colt.

It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials, free.

The Coffey Sale

A big crowd attended the Commissioner's sale of the estate of the late Squire W. A. Coffey, near McKinney, last week, and the farm which was sold in three tracts brought a good price. Stock sold well. Col. J. M. Dunn cried the sale. A tract of 14 acres was bought by J. L. Beck, near McKinney at \$100.50 an acre; Chester Coffey, son of the late Squire, gave \$100 an acre for the acres and Charles Oatis, of Wayne county, paid \$90 an acre for the home place of 184 acres. Seven head of steers brought \$48 a head; Stuart Hanson paid \$252 for a pair of four-year-old horse mules; Tammie Tanner paid from \$17 to \$25 for three duros; W. B. Maynard paid \$7.90 for 16 head of 20-pound shots; an old mare sold to a colored woman for \$37; several horses sold from \$50 to \$75; Shell Oatis, of Boyle, bought 30 ewes and a buck at \$6.75 and the same number at \$6.65; two heifers sold one at \$44 and the other at \$30.

What The Farmer Did

A city man recently visited his country cousin. The man from the city, wishing to explain the joys of metropolitan life, said:

"We certainly have been having fun the last few days. Thursday we motored to the country club and golfed until dark, then trooped back to town and danced until morning."

The country cousin was not to be stampeded in the least. "We have had pretty good times here, too. One day we bagged out to Uncle Ned's and went out to the back lot, where we holed out all that afternoon. In the evening we sneaked up into the attic and poked around until morning."

A sturdy old farmer, who was listening, not to be outdone, took up the conversation at this point and said: "I was having some fun about that time myself. I muled to the corn field and got hawed until sundown. Then I suppered until dark, and popped until nine, after which I bed-stended until the clock fiveed, after which I breakfasted until it was time to go to muling again.—Ex.

The Shelbyville fair made a net profit of \$631 this year and had a \$1,000 saddle stake too.

GOOD pictures shows Friday and Saturday nights.

No Stock Show

On account of the mouth and foot disease, the International Live Stock Exposition, which was to have met in Chicago from Nov. 28 to Dec. 5, has been called off. The circular letter says that for the first time in fifty years the Union Stock Yards at Chicago were without cattle, and adds that the yards have been thoroughly disinfected by the Federal Authorities and that stock is now being unloaded there in the day time. It urges the co-operation of farmers to assist in stamping out this terrible disease.

Etowah County Man Cured of Catarrh Deafness.

Wonderful Results From The Use of Andes' Great Prescription

Mr. J. J. Armstrong, one of Etowah's most prosperous retired farmers, and one of Gadsdens most enterprising citizen says "I am 65 years of age. I have suffered with catarrh for a number of years. I had ringing roaring noises just like a sawmill in my head, which troubled me. I took cold like a baby the least change in the weather affected me so I was a perfect barometer. My hearing became so badly impaired that I got totally deaf in my right ear. I used Andes' Great Medicines just two weeks and my hearing is entirely restored. I now hear as well as I ever could. I am overjoyed at being able to hear again that I do nothing scarcely at all but go around telling my friends about it. I rode 15 miles to one of the best neighbors I ever had, I knew he was hard of hearing and I wanted to tell him about it. I got to his house about 2 o'clock, found him in a field plowing. He found I could hear, he unhitched his horse from the plow, put a saddle on it and rode to town with me the same evening to get some of the medicine that had cured me. Words fail me when I try to write about Andes' medicines, but the strongest thing I can say for them is they cure."

Mrs. George Jones of 19133 Tenth

street, north suffered with catarrh three years, the dropping mucous matter inflamed, gave her much trouble, but the greatest uneasiness she felt was that this catarrh or mucous matter was passing from her throat through the bronchial tubes to her lungs, as she had a dry hacking cough and had lost much flesh. She says:

"I am now on my third bottle of Andes' Great Prescription; it has done more for me than all others combined and I feel that I am daily regaining my former good health."

Mr. Charles E. Scott, of Woodlawn, states, "I have been a great sufferer from stomach trouble for five years. I had bloating after meals, palpitation of the heart, pains through the chest and across the small of the back. Some times I had an enormous appetite and then again I could not just force my food down. My nerves were all to pieces. I would nearly jump from my chair at the slightest noise, then would tremble like a leaf and have weak spells. I used two bottles of Andes' Great Prescription, I can eat and digest my food and sleep fine and wake up in the morning feeling refreshed. My health is better than it has been for years and I feel good. These wonderful medicines sold by Shugars' Drug store, Stanford.
